

GAS WATCH 266.

Minister Roberts confirms cancellation of Hunter Valley Vineyard Petroleum Exploration Licences.

In a media release this morning Minister Roberts has confirmed the **CANCELLATION** of Petroleum Exploration Licences 2, 4 and 267 following buy-backs from AGL under the NSW Gas Plan.

From CSG mining –

- Our health is now safe.
- Animal health and vegetation are now safe.
- Our vineyards are now safe.
- Our wines won't now be compromised.
- Our water is safe from contamination or loss.
- Our roads are safe from a “*virtual pipeline of trucks*”.
- Our investments in our businesses are now safe from CSG.

This is nothing but great, great news.

Will Gaswatch 266 be our last – hope so!
