

GAS WATCH 43.

PLEASE BE AT THE MEETING AT NIGHTINGALE'S WINERY AT 7 PM TONIGHT, 20th AUGUST, 2008, AND ENSURE THAT SYDNEY GAS IS HELD ACCOUNTABLE FOR THEIR ACTIONS. NOTHING IS MORE IMPORTANT TONIGHT. THIS IS YOUR VILLAGE.....SAVE IT FROM SYDNEY GAS.

ASK YOUR QUESTIONS, AND INSIST ON AN ANSWER.

SYDNEY GAS SIMPLY DOESN'T CARE.

Controversial methane gas explorer, Sydney Gas, has declared that it will drill on land it has bought right next to the vineyard village of Broke. This is how close they are. 500 metres takes them under the school and under many Broke homes:

New technology, Sydney Gas says, will enable them to fracture coal seams underground for a distance of over 2 kilometres releasing methane from the seams. This will be right under the village of Broke. If any methane migrates to the surface through fractures or cracks in the overburden, then gardens and lawns would die and water bores would be contaminated.

Sydney Gas simply doesn't care.

Sydney Gas has been asked why they have declared they won't drill on flood plains, but intend to drill on the flood plains at Broke. They haven't responded.

Sydney Gas simply doesn't care.

This is the Sydney Gas well site, underwater for the second time in two years:

The law says they can't drill on land used for water disposal. Is floodwater, water disposal? Sydney Gas won't say whether or not they propose to ignore the risk of drilling on land which floods.

SYDNEY GAS SIMPLY DOESN'T CARE.

IT IS IMPORTANT THAT EVERYONE WHO LIVES IN BROKE VILLAGE, OR WHO RELIES ON WATER AND/OR RURAL TRANQUILITY FOR THEIR BUSINESSES, TO ATTEND THIS MEETING AND MAKE THEIR VIEWS KNOWN. **RALLY TO THE CAUSE!**

DON'T LET OUR VILLAGE COME UNDER ASSAULT.

DON'T RISK OUR WATER! DON'T RISK OUR RURAL LIFESTYLE.

KEEP SYDNEY GAS OUT OF BROKE.

WHY, WHEN THERE IS COAL SEAM GAS READILY AVAILABLE IN REMOTE RURAL AREAS, DOES SYDNEY GAS INSIST ON RISKING VILLAGE LIFE AS WE KNOW IT?

Sydney Gas simply doesn't care.
